

Extra White Fine Art Paper

Description	Print	Applications
<p>The raw material of this paper comes from all-wood pulp paper without fluorescent agent from sustainable forests. The green and environmentally friendly production process provides protection for your health. The finished surface has an artistic texture. There is uniform whiteness on both sides. It has good light fastness, high stiffness, folding resistance, and quick drying. The paper color is bright, being both classic and fashionable. The fusion of the ink and the textured paper surface reveals the texture in a beautiful brilliance. The surface is elegant and extraordinary. The printing is gorgeous, and the image feels warm and natural!</p>	<ul style="list-style-type: none"> > HP Indigo > Konica Minolta AccurioPress C83hc 	<ul style="list-style-type: none"> > Wedding album, photography, business album, pictorial album, books, catalogs, calendars, greeting cards, business cards, hangtags, etc.

Additional sizes and dimensions on request

Best printing results achieved in a standard climate of 23°C and 50% relative humidity. For problem-free running, always store the product in original packaging and protect it from direct sunlight and moisture. Before using our media, check its suitability on your printer and for your planned application. We can assume no liability resulting from technical changes in printers and/or inks. Changes in the product design due to technical further developments will not be announced in advance.
