

## RC Woven Pearl Photo Paper

### Description

Using resin coating technology and high-quality base paper, the surface offers a soft sheen with a slight pearlescent effect, enhancing the visual appeal without the glare of glossy paper. It supports high-precision and high-quality output. The ink dries quickly. The paper feeds smoothly and stably. The coating does not smudge when encountering water.

### Print

universally printable with all common inkjet printer

- > dye ink
- > pigment ink

### Applications

- > Ideal for portrait photography, wedding albums, and high-end photo displays.
- > Also suitable for artistic prints where a balance between shine and texture is desired.
