

# Solvent Photo Paper

Description	Print	Applications
Solvent Photo Paper is a high-quality, versatile printing solution designed for use with solvent, eco-solvent, and UV printers. Its excellent durability and vivid color reproduction make it an ideal choice for professional and commercial applications. All types are single-sided for precise and vibrant printing.	<ul style="list-style-type: none"> <li>&gt; solvent ink</li> <li>&gt; eco-solvent ink</li> <li>&gt; UV</li> </ul>	<ul style="list-style-type: none"> <li>&gt; Ideal for posters, photo enlargements, advertisements, and high-end graphics. Perfect for indoor and short-term outdoor use. Perfect for exhibitions, displays, and promotional materials.</li> </ul>

## Certificates

Best printing results achieved in a standard climate of 23°C and 50% relative humidity. For problem-free running, always store the product in original packaging and protect it from direct sunlight and moisture. Before using our media, check its suitability on your printer and for your planned application. We can assume no liability resulting from technical changes in printers and/or inks. Changes in the product design due to technical further developments will not be announced in advance.
