

Solvent Poly-cotton Canvas

Description

Our Solvent Poly-cotton Canvas is a versatile, high-performance printing material that combines the durability of polyester with the natural feel of cotton. Featuring a blend of 20% cotton fabric and 80% polyester, this 370GSM canvas offers superior strength, flexibility, and vibrant print quality. Available in Glossy and Matte finishes, it is designed for professional and artistic applications where quality and longevity are paramount.

Physical properties

ITEM	SOPC-370G Glossy	SOPC-370M Matte					
Basis weight(g/m ²)	370±30	370±30
