

Yupo Synthetic Paper--FGS Series

Description	Print	Applications
It possesses incomparable characteristics when compared between paper and plastic film. It exhibits excellent printability and retains the water resistance of plastic film. It is water resistant, tear resistant, wrinkle free, lightweight, and has stable color without yellowing. It is stronger than paper and more convenient to process than plastic film.	<ul style="list-style-type: none"> > HP Indigo > Oil-based offset printing > UV offset printing 	>Wedding album, business picture album, recipes, bathroom posters, waterproof books, personality Notepad, etc.

■ Physical properties

Thickness(um)	200±10	250±10					

Availabilities	Certificates
Sheets	320*460mm,250sheets/pack
Sheets	750*530mm,250sheets/pack

Additional sizes and dimensions on request

Best printing results achieved in a standard climate of 23°C and 50% relative humidity. For problem-free running, always store the product in original packaging and protect it from direct sunlight and moisture. Before using our media, check its suitability on your printer and for your planned application. We can assume no liability resulting from technical changes in printers and/or inks. Changes in the product design due to technical further developments will not be announced in advance.
